Other Skills: Responsive Design, Server-Side Programming, Web Hosting and Deployment, Hardware Configuration.

## Education

---

Medhavi College, Kathmandu

Nov 2024 – present

*Master in Computer Systems and Information Technology*

LA GRANDEE International College, Pokhara

Oct 2018 – Aug 2023

*Bachelor of Computer Application*

Moonlight Secondary English School, Lalmatiya, Dang

2016 - 2018

*12<sup>th</sup>, Management*

Shree Nepal Rastriya Madhyamik Vidyalaya, Bhaluwang, Dang

2016

*SLC*

## Project Work

---

### 1. Personal Portfolio Website: <https://nabin788.com.np>

Personal portfolio website using HTML, CSS, JavaScript, and node.js. Showcased personal projects, skills, and contact information. Implemented responsive design to ensure compatibility with various devices.

### 2. Gradient Generator: <https://nabin788.github.io/gradientGenerator/>

Developed a website to dynamically change gradient effects using HTML5, CSS3, and JavaScript.

### 3. Weather App: <https://nabin788.github.io/weather/>

Fetch weather data from a public API from OpenWeatherMap. Display current weather conditions for user-specified locations. Responsive design and style of the app to present data using HTML5, CSS3, and JavaScript.

### 4. User Authentication: <https://github.com/Nabin788/BackEnd-Training>

Developed a full user authentication system using Node.js, Express.js, and MongoDB, featuring secure user registration, login, and password management. Implemented bcrypt for password hashing and JSON Web Tokens (JWT) for token-based authentication. Enhanced user experience with a password reset feature using Nodemailer.
